

Beenleigh Information Sessions

We've been asked to review

- whether the non-fatal strangulation offence should apply beyond domestic settings
- whether the 'without consent' requirement should be removed or changed
- whether 'chokes', 'suffocates' and 'strangles' should be defined
- whether the 7-year maximum penalty reflects the gravity of the conduct
- whether and when the offence should be finalised in the Magistrates Court
- related practices and procedures

Be part of the conversation

Significant reforms are required. Your input is critical.

Join our discussion of:

- preliminary findings
- reform proposals
- key issues

Our consultation paper is **available now**

Submissions are open until
6 June 2025

Have your say
