## E-Democracy

### Jamie takes on blogging

Wednesday, April 27, 2005

**Jamie McCoy is being assisted by the Hansard Society in partnership with homelessness charity Crisis, to provide an online platform where homeless people can voice their opinions on the 2005 election campaign. Here he talks about his experience of blogging so far...**

I have only been a [blogger](#) for a few weeks and I have really taken well to it. I have had a few teething problems with links but have overcome them with help from other people.

#### E-Democracy

The Hansard Society's E-Democracy programme seeks to develop innovative ways of using new interactive technologies to reconnect Parliament with citizens and encourage participation in the democratic process.

The E-Democracy Programme's cutting edge research explores the potential for interactive technologies to create new channels of communication and participation between Parliament and the people to enable citizens to scrutinise and influence legislation and those who represent them.
